## Audio Series Guide

### **Intro to HoloKompass Astrology™**

- What's a Soul Contract?
- What's HoloKompass Astrology?

### **The Synchronicity of HoloKompass Astrology**

Essentially HoloKompass Astrology is the art and science of intuiting and interpreting the energetic archetypal cycles of life and your soul's schedule of unfolding into the world via those cycles.

All those planets out there in the heavens are mirrors for what's happening in us and act as forces of synchronicity....as above, so below. Thus, any planetary cycle that we observe in the sky/Zodiac is also occurring within, because (as all mystics have said for ages) the ultimate reality is that there is no separation from what's out there and what's within.

The gift of HoloKompass Astrology is born out of learning to work with the cosmic/archetypal cycles of life consciously, as a co-creative act if you will. Thus, if you can learn to understand the inherent function of a planetary astrological cycle, you can use that energy in a more consciously empowered manner, and bring your timing/efforts more in line with Universal Will and processes; which means more in line with your Soul. Said another way, you find your Destiny's Kompass!

That said, HoloKompass Astrology isn't based on the idea that the Planets out there cause anything to happen via electromagnetic force fields or gravitational influences – all which science has proven isn't possible. Nor is it based in any New Age superstition. HoloKompass Astrology is centered in the truth that you have a Soul Agreement that connects you to the energetic creative evolutionary cycles of Planet Earth.

And these cycles are archetypally woven into the fabric of time and space as experienced in our human lives. Furthermore, these cycles are trackable via the synchronicity of the planetary

movements that the ancients identified by projecting their intuitive and psychic understanding of them onto the night sky.

Thus, what makes HoloKompass Astrology work is the psycho-spiritual law Carl Jung discovered: SYNCHRONICITY! Enough said!

## Part I

### *The Archetypal-Astrological Jupiter*

**Jupiter spends about one year in each zodiacal sign as it makes its sojourn through the heavens. During that time, Jupiter goes Retrograde once and spends about four months in Retrogression.**

Jupiter truly is the planet that represents the function of intuitive perception in our consciousness. Whereas Mercury likes to process and gather data via the mind, Jupiter isn't concerned about data per se, but with what it means. Jupiter symbolizes the capacity to perceive life as being symbolically imbued with meaning and purpose. Jupiter is also concerned with the expansion of our lives and of what we could ideally be. In our solar system, Jupiter is the largest planet, the bigger the better is Jupiter's motto! To delve deeper into this, let's look at the mythologies connected to the planet Jupiter.

Trough out mythological history Jupiter has been associated with the king, patriarch, and the chief god in various pantheons. The gods associated with the astrological planet Jupiter, such as Zeus, were known as gods of thunder, learning, wisdom, justice, and prophetic vision.

As I just mentioned, Jupiter was the Roman god the Greeks knew as Zeus. Zeus was a benefic god of the heavens, ruling the expansive and limitless space above the earth. From his view on high, Zeus could see all, which illustrates the capacity of the astrological Jupiter to give us holographic intuitive glimpses at the bigger picture from a higher altitude. Zeus didn't like limits, nor does our astrological Jupiter like limits and encourages us to explore everything 'we could be'.

Jupiter wants to show us what is possible through a very optimistic perception of life. When Jupiter is going direct in the heavens and through our charts it brings expansion, holographic bigger picture insight, and optimism to the planets and houses it transits with an intuitive trust in future outcome.

#### **Jupiter Themes**

- Confidence**
- Esteem**
- Faith**
- Belief**
- Risk**
- Expansion**
- Integrity**
- Holographic Nature of Potential**

The Archetype of Jupiter brings light, faith, and confidence, with a vision that is holographic in nature, meaning it perceives the interconnectedness of the Divine Plan and Bigger Picture. “This is what you could be if you only take a risk and have a little faith...” Jupiter whispers in our ear when it’s going forward in direct motion. In fact, for Jupiter, faith is a mode of learning – a way of exploring our lives energetically via the vehicle of intuition, which again differentiates Jupiter from Mercury.

Learning for Jupiter involves participation with life in which wisdom is gained via the meaning of the experiences here in earth school. You will find Mercury reading a book in the corner learning lots of facts and figures, while Jupiter is in the other corner cracking his book open on HoloKompass Astrology & Soul Contracts!

The philosopher Pascal summed this up succinctly when he said, “Earthly things must be known to be loved; Divine things must be loved to be known.” Jupiter simply intuitively knows what is True. Not Right/Wrong, but True per your Authenticity, Potential and Soul Contract.

### **What happens when Jupiter goes Retrograde?**

First, as Jupiter is concerned with meaning, when Jupiter goes retrograde inner gravity pulls you inside yourself to investigate deeply the current philosophies or paradigms that you use to perceive life symbolically. Of course, the outer world will help you out on your journey within by causing the growth and expansion that you had hoped for to withdraw in the area of your natal chart/life in which Jupiter is going Retrograde in **Libra**, which will leave you with the question, “Why?”

This question ignites the impetus to take steps up into higher altitudes to see things more symbolically because the ‘Bigger Picture’ is activated and a holographic perspective is needed before you make one more decision!

Here’s how this can often breakdown: During Jupiter Retrograde, something that seemed like it was growing or moving forward stops as external circumstances thwart or block the desired results of expansion and growth. As this happens the only place to go is inside for a consultation with your intuition, Guidance Team, Angels, and Higher Power – and the energy that motivates your desires and achieving goals goes into neutral, allowing your inner intuition and wisdom to deepen.

You get called home to your Soul per this Jupiter Retrograde activation around the themes it’s animating (**all Libra this time!**) This allows you to see that what you thought was so meaningful before the retrograde – whether it was a cherished goal, ideal, career prospect, business venture, relationship, or future vision - perhaps wasn’t in alignment with your Soul Contract, needs further soulful development, and perhaps restrictive to the full expression of your potential here on earth.

Remember Jupiter loves freedom and expansion to be sure, but Jupiter’s Retrograde is the annual opportunity we are all given to re-evaluate what has meaning in our life and how we build our morality, sense of purpose, guiding life philosophy, goals, and ethics around that.

Said another way, something promising ‘appears’ to not live up to its promise – but what’s really going on is that it has gone ‘underground’ for soulful maturation. Things pull back into the unconscious for more growth in the **Libra** part of your life, Potential, and Soul Contract. Then when Jupiter Stations Direct **June 9th, 2017** and begins its forward movement and archetypal

activation, what's in proper holographic alignment with your Potential and Destiny begins to unfold.

Thus, everything that you thought mattered, that you wanted/needed/valued may no longer apply as new bigger picture intuitive downloads arrive bit by bit during the Retrograde. There's a change in the wind setting your course for a new expansive relating, loving, esteem, and Soul Connections! This is *Jupiter Libra* baby!

### **Understanding Your Rhythm of Opportunity and Self Expansion**

Indeed, whether you know it or not, you always are moving into a new field of potential! *Jupiter Retrograde in Libra* is the activation of a clause in your Soul Contract that says: 'Hang out in the retrograde energy field for 4 months making no major conclusions about the 'bigger **Libra** picture of your life!' Action is taken as is felt necessary in the moment! I like to call this the 'Ikea' building of your life!
