### **Intro to HoloKompass Astrology**

-What's a Soul Contract?

-What's HoloKompass Astrology?

### **The Synchronicity of HoloKompass Astrology**

Essentially HoloKompass Astrology is the art and science of intuiting and interpreting the energetic archetypal cycles of life and your soul's schedule of unfolding into the world via those cycles.

All those planets out there in the heavens are mirrors for what's happening in us and act as forces of synchronicity....as above, so below. So any planetary cycle that we observe in the sky/Zodiac is also occurring within, because (as all mystics have said for ages) the ultimate reality is that there is no separation from what's out there and what's within.

The gift of HoloKompass Astrology is born out of learning to work with the cosmic/archetypal cycles of life consciously, as a co-creative act if you will. So if you can learn to understand the inherent function of a planetary astrological cycle, you can use that energy in a more consciously empowered manner, and bring your timing/efforts more in line with Universal Will and process; which means more in line with your Soul.

That said, HoloKompass Astrology isn't based on the idea that the Planets out there cause anything to happen via electromagnetic force fields or gravitational influences – all of which science has proven isn't possible. Nor is it based in any New Age superstition. HoloKompass Astrology is centered in the truth that you have a Soul Agreement, which connects you to the energetic creative evolutionary cycles of Planet Earth.

And these cycles are archetypally woven into the fabric of Earth's time and space and experienced in our human lives as a Fate. They are the 'energetic/psychic weather patterns' of Earth. Furthermore, these cycles are trackable via the synchronicity of the planetary movements that the ancients identified by projecting their intuitive and psychic understanding of themselves onto the night sky. Thus, what makes Soul Contract Astrology work is the psycho-spiritual law Carl Jung discovered:

**SYNCHRONICITY!**

## Part I

### ***The Archetypal Saturn***

At first glance, Saturn appears superficially as the externalized authoritarian forces which give rules, enforce tradition, and maintain status quo. This is true of the planetary archetype Saturn on the surface, and thus relates its function greatly to the maintenance and development of your Ego identity: your sense of self that is derived from interacting with society. Going deeper into Saturn's planetary symbolism, astronomically Saturn demarcated the visual boundary of the known solar system to the ancients. He thus symbolically resides as governor of all immutable laws implicit in incarnation: time, boundaries, and death. Saturn binds us to the world of form, the body, and represents the Soul incarnate. Saturn thus relates to the five sensory experiences of the world and mundane life. Saturn also is the force through which your Soul Contract's potential is made manifest.

Mythologically, Saturn was the Roman name for his Greek counterpart: Chronos. In the Greek creation stories, Uranus (The Heavens) mates with Gaia (Earth), then she gives birth to various offspring, most notably the Titans; all of which Uranus finds ugly and displeasing, such that he forced them back into Gaia's womb refusing them birth. However, that didn't stop Uranus from procreating with Gaia, being the creative force he was. Gaia, about to burst from the offspring welling in her, finally decides she's had enough; these children need to be born. Gaia then gives Chronos (a Titan) a sickle, instructing him to castrate his father Uranus when he comes to mate with her next. Chronos obliges his mother, and in one stroke of the sickle castrates his father, dividing heaven and earth; creating out of the infinite, the reality of time and mortality. This act seats Chronos upon a throne from which he rules over the Earth during what was known as *The Golden Age*. Gaia, the Fates, and Uranus all warn Chronos that he too one day will be overthrown by one of his own progeny. This compels him to eat all of his offspring in an effort to thwart the fulfillment of this prophecy, ensuring his position of power remains intact. Chronos becomes no less of a tyrant than his own father in the end, until Rhea, his wife, raises their son Zeus in secrecy, who matures to fulfil the prophecy by supplanting his father and

establishing a new pantheon: the Olympians. Funny how those old prophesies always seem to come true!

Within the archetypal pattern of Saturn, there are always embedded issues of the something new emerging into your Ego structure from your Soul Contract. This demands the dethronement of an old idea of who you are, no longer tenable to your Soul's desire to incarnate more potential into your life. Being that our Ego's are structured on some level by our external environment, Saturn relates greatly to outer civil, parental, religious, and governmental authorities as structures which initially house your nascent Soul's emergence into the world as your Ego forms. In addition, Saturn acts as the guardian of the threshold where your inner Soul meets the outer authorities of life. A struggle is always found at this threshold that speaks to how much you internalize the voices of the outer world in ways that they repress and eat the inner creative urges of your Soul; thereby suppressing the emergence of a new creative pantheon of forces within yourself. The planetary archetype of Saturn is a force you are bound to that demands you dialogue with your own issues of power and dethronement on both an internal and external level. This includes negotiating with your inherited past so you can create consciously your future. This is not necessarily something that can be done through the type of *transcendence* and *positive affirmations* which are so in vogue in much self-help and new age literature. It can only be done by first accepting Life on Life's terms and bearing the responsibility of incarnation, which includes all the demands of mundane life and the suffering being alive often brings.

Saturn is certainly no joy ride! Yet, will always offer up that which you earn through consistent disciplined self-effort. It is through Saturn that you are given the opportunity to birth yourself anew through your own efforts, and move into your Spiritual Adulthood and Authenticity. To do so, however, this archetype demands that you search out the fissures in your own Ego structure which manifest as insecurities and externalized needs for validation in ways that shut down potential; and so that you can take greater responsibility for your life and truly be the co-creator you were born to be! How well you can manifest this archetype through a healthy Ego structure determines to what degree you are ruled by the authority of your past conditioning, your parents, and society at large. Not all aspects of your ancestral inheritance hold your potential hostage, but you can be sure that Saturn will aid you in figuring out just which ones do! Saturn will then ask you to acknowledge when a terminus has been reached, and something has become outmoded in your self-concept and belief systems, such that the Soul can't expand more into your life and evolve your purpose for being here.

### **Sub-Archetypes of Saturn**

Saturn's sub-archetypes demonstrate the various faces that this planetary archetype can wear, some with a dark and repressive side, others with a life supportive and strengthening side. Saturn's urges us toward self-mastery, and self-government, while forcing us to question whether the values which society has accepted and stabilized are resonate with our deeper authenticity. The further we move from our own authenticity the more we are ruled by others. As you assess your relationship with this archetype, ask yourself the following questions to get a better sense of your particular Soul Contract with it this lifetime and how you primarily manifest it now in your life. Remember if you do not own your authority in life, others will for you. Additionally, if you know where Saturn is in your Birth Chart and what Sign it's in, you'll get even more specifics on your Soul Contract with Saturn.

Questions to help you identify your sub-archetypes of Saturn:

*In a group of people, do you morph into that group's values and ideas of who they think you are? Are you swayed easily by public opinion?*

*In which ways have you repressed your growth by holding your creativity hostage? Do you sacrifice changing your life in favor of status-quo? Do you hold others down to keep them from changing?*

*How do you define success and 'being somebody' in life? How do you manifest your ambitions? Do you believe that the ends can justify the means? Are you disciplined in accomplishing goals? Do you have the endurance, focus, stamina, and self-esteem to get back up and try again when you have fallen short in your life's dreams?*

*Are you liberal or more conservative in your general approach to life; or somewhere in between? How do you feel about authority, politics, and the government?*

*What does it mean to you to have a healthy Ego? Do you think the Ego is a bad thing (be honest!)? How important is external recognition to you?*

*What area in your life are you the most socially insecure and vulnerable to what others think of you? Where is your Ego identity the most vulnerable to criticism because you harbor false beliefs about who you are? What would help you get stronger in that area?*

*How do you feel about the limitations of this world; do you see them as guideposts, or curses? How do you relate to the passage of time, aging, and your own mortality?*

*Do you compensate for your own insecurities in life through overcompensation and the construction of a façade? In what ways do you do this? Can you name an Archetype that's involved?*

*How do you handle the responsibilities of mundane living? Do you face them head on, or hide behind new age philosophies? Can you accept life on its terms?*

### ***The many faces of Saturn***

Father Time, The Grim Reaper, Death, The Wise Old Man, The Judge of Heroes, The Senex, The Tyrant, The Patriarch, The Benevolent King, The Taskmaster, The Castrator, The Repressor, The Old School, The Titan, The Cop, The Politician, The Law Maker, The Sheriff, The Skeptic, The Pessimist, The Strategist, The Materialist, The Miser, The Midas, The Entrepreneur, The CEO, The Businessman, The *Man*, The Father, The Disciplinarian, The Religious Dogmatist, The Fundamentalist, The Egotist, The Emperor, The Authoritarian, The Communist, The Socialist, The Republican, The Democrat, The Dictator, The Sovereign, The Puritan, The Conservative, The Oppressor, The Master, The Ruler, The Chronocrater, The Warden, and The Drill Sergeant, Lucifer, The Devil, Pan, The Scientist, The Empiricist, The Personal Trainer, and The Headmaster.

Making friends with Saturn is a life long process and no easy task, though absolutely necessary if we are to be effective beings in this mundane world of form which is his domain and where our Soul Contract's potential is destined to manifest. Saturn can no doubt feel quite heavy at times, but encourages us to build a solid container of Ego through which our Solar Destiny can shine. Saturn asks us to engage the alchemy of turning our lead to gold in very grounded tangible ways.

### **Stats for The Saturn in Sagittarius Cycle**

Saturn actually first entered into Sagittarius on December 23<sup>rd</sup>, 2014 and then went retrograde back into Scorpio on June 16<sup>th</sup>, 2015. # Task I: Manifest Your Potential through The Anatomy of Truth

Sagittarius and the Intuitive Quest for Truth

The Anatomy of Truth

- Universal Truth

  - All is One

- Relative Truth

  - Today is Monday

  - Truth we arrive at relative to our environment, culture, religions, socialized values, traditions, politics, family systems, physical bodies, sexualities, cycles of life, genders, etc.

- Personal Truth

  - The way we develop our specific truth out of 'Relative Truth'

  - My Destiny is to Answer a Calling

    - Victim Truth as Identity

      - the trap of entitlement

    - Intuitive Truth

      - Inconvenient Truths

        - inconvenient truths and new potential

        - how to be with inconvenient truths

          - accept what is

        - identify what needs to change

      - know your limits of change

      - small steps are ok/one thing at a time

        - commit to a small step

      - pray

- Soul Contract Truth

  - Includes all levels of Truth!

  - Each Soul Contract has its own Truth

    - No one owns the Absolute Truth!

    - You will naturally gravitate toward the Truths scheduled for you, as well as Illusions!

  - Fundamentalist Truth

Mastering the Art of Telling 'Technical Truths'

- Becoming a Truth Technician

  - Karmic Truths

  - Growing Up/Maturing via Truth

    - Take responsibilities for what manages your Lies

      - Self-deception

      - Projecting onto others/blame

        - Scapegoating

      - Rogue Archetypes

- Being with the Grief of Truth Telling

## Journal Questions:

*Where in your life are you resisting Inconvenient Truths? What are these Inconvenient Truths? Why are they Inconvenient? What small steps CAN you take with your Inconvenient Truths? Where are you identifying your Truth via victim experiences? Can you identify your Soul Contract Truths? How adept are you at telling yourself 'Technical Truths'? Are you aware of how you manage your lies? What Archetypes are involved?*

## Task II: Give Up Your Addiction to Distraction

Turning Gemini vs. Sagittarius into Gemini AND Sagittarius in the Age of Aquarius  
-In a hyper immature Gemini phase with our technology, it's time to grow up!

Developing Compassionate Focus

- Expansion through contraction
  - You cannot take in ALL things
- Say NO to say YES!
- What should you say YES to per your Soul Contract Goals?
  - What are Soul Contract Goals?
  - What has meaning for you
- How do you say yes?

### Guided Meditation on Focus

#### Exercise in Focusing:

*Do an inventory of your 'Distraction Addiction'. What are your addictions? What do you use to keep yourself fragmented? Why? What is the shadow payoff in staying distracted? What small shift are you ready and willing to make to curb this addiction and move into aligned focus? Are you ready to do a 'Distraction Detox'?*

## Task III: Learn to Live Intuitively

Developing your Intuition via Saturn

- What happens is your answer, but must be seen as part of a plan that is expressing itself via archetypes and events.

Symbolic Perception

- Perception of the larger pattern guides you as to how to serve the whole
  - This is Destiny!
  - Perceiving your TRUE role to Life

Synchronicity vs. Happenstance

- How do you know the difference?
- Does everything happen for a reason?
  - Soul Contract Alignments
  - Intuitive Alerts
- Creative Debris/Soul Contracts of Others
  - Yes, but not YOUR reason
  - Neutral Response

Intuitive Understanding regarding the Nature of Reality

- Mastering dual perception
  - Heaven and Earth
  - The Forest and the Trees
  - Seeing the larger evolutionary design and in the smaller cycle
- Spiritual laws
  - Laws simply inherent in Life, not something you generate or project, rather perceive in creation (As Above, So Below)
  - Support the reason for life at a mystical level

What Blocks You from Living Intuitively?

- Opinions of others
- Managing the experience others have of our Truth

### Power Insight:

*Living Intuitively = Responding to Life moment to moment with the Soul's presence and knowing without engaging rigid dogmatic formulas. Trusting you will know the 'TRUE' choice and action in each and every moment and can choose/act accordingly, without a need to manage the experience that others have of your Truth.*

### **Intuitive Exercise for your Journal:**

*Look to your overall life pattern (Sun Sign) – the fated limits you've experienced, choice points, synchronicities, creative challenges, obstacles, fated redirections, failures/successes, relationships you've had, people you've met, gifts and talents you've developed and possess, education you've had, doors that have open and shut for you, experiences that you've had...WHERE IS IT ALL GOING??? WHERE COULD IT GO? WHAT DOES IT MEAN?*

## **Task IV: Build New Saturn-Confidence and Saturn-Esteem**

How do you build Confidence?

- Through experiences that forge capacity (failure/success)
  - Doing things even when you are afraid
- Through faith in a Divine Plan and your Soul Contract

Saturn Confidence = YOU CAN handle whatever comes at you!

- The Shift from Victim depends on the attitude with which you engage events
- Creative confidence doesn't mean that everyone will applaud your work, rather you'll be ok if they don't!

Confidence and Esteem

- Saturn Esteem = Soul Esteem + Ego Esteem
  - Inherent worth and doing 'Esteemable' things
  - Stop doing things that make you forget who you are!
  - Keep your word to yourself; keep your covenants

### **Journal Questions:**

Do you have confidence in your capacity to survive? Thrive? Manifest your dreams? Do you have confidence in your Soul Contract, in Life? Do you trust that there is a Divine Plan that you are part of? Do you have confidence in your Potential? How do you approach the development of Esteem? What are some 'Esteemable' things you can do (start small)? How do you feel when you break a covenant made to yourself? What new covenants need to be forged now for your next potential?

## **Task V: Examine Faith, Belief, Hope, and Knowing**

Faith as a Belief System

- Where have you lost your Faith? Why?
- What belief systems are failing you?

Coming to know your inner Pessimist, Reckless Optimist, Skeptic, Atheist, Theologian, Dogmatist, and Fundamentalist

- From what filter do you interpret the symbolism of your Life?
  - What Story/Archetype
  - Does it filter out the Truth?
- What is your 'Theology' (systematic theory and study of God)?
- Are your Gods translucent or opaque?
- What do you know 'for sure'?
  - How do you know it's 'for sure'?
    - Heart vs. Mind
    - Shadow side of Sagittarius
  - Claiming Relative/Personal Truth as Universal Truth

When 'Spirituality' unconsciously becomes Dogmatic Religion

- 'Laws' and a system of belief trump the curious direct experience of Life producing guilt, shame, and a sense of divine punishment (God is separate from You)

Saturn in Sagittarius Mandate – Do the work of coming to know your own Truth!

- Knowing what is the 'right' thing for you
  - All moral and ethical values you need for your Destiny lie within you
  - Must embrace that these are relative to your Soul Contract
- The Universe is intrinsically moral, but not the way we think

Fundamentalist Faith vs. Intuitive Faith (Knowing)

- Fundamentalist Faith leads to reckless choices, reckless risk, and doubling down on being 'right'. Before you know it you're chasing your losses.
  - Does your faith leave room for Doubt?
  - The miracle exists in the Doubt

-Intuitive Faith guides you more into the mystery and magic of life with curiosity, openness, and surrender to the Larger Plan. It also allows for doubt and x-factors of grace.

- Sooner or later, all faith must refer to reality

Hope

- False Hope = Hope based on wishful thinking and Fantasy
- Genuine Hope = Hope based on the Truth of your, another's, or a situation's potential.

#### **Journal Questions:**

*Why are you attached to certain beliefs, world views, and speculations? How do you know you're attached? Can you identify your own particular version of 'fundamentalism'? Where has 'Spirituality' become dogmatic? Where could you use the Gifts of Doubt? How do you relate to the concept of Hope? Where in your life do things seem 'hopeless'? Are they really?*

### **Task VI: Confront Your Illusions (Neptune Square)**

Saturn and the Nature of Illusion (Saturn's Illusions)

- Where do our illusions come from?
  - Inherited Illusions (Family/Culture)
  - Adaptations to wounding experiences

This Earth and Reality is NOT an Illusion!

- Buddha: The only illusion is permanence
- Saturn will play 'Shadow' to any planet it's activating/aspecting
  - Neptune's Shadow
    - Mystic/Addict – Religious Fanatic – Magical Thinker –Blind Faith

Why you must lose your Faith!

- Your Faith may be rooted in Illusion, Dogma, and 'Fantasy Fear'
- Confronting your unconscious beliefs about the nature of 'God'
- Betrayal as initiation into Truth
  - Disillusionment, pain, and searching often lead to mastery
- Soul Contract Spirituality = focusing on acceptance, compassion, life, evolution, quality of connections, inner growth, the direct experience as your best teacher, guides not gurus, presence, and potential.
  - Must let go of Dogmatic Formulas to 'see' clearly
    - Forget what you 'think' you know...
  - Confront your need to be 'right' vs. be in your Truth

#### **Power Insight:**

*Blind Faith can keep us stuck in allegiance to old ideas of security. New potential comes from the 'unknown' of your Life often downloaded in your psyche as a 'Vision'. There can be safety in staying in the fantasy of your potential vs. engaging the risky task of incarnating it. Don't just dare to dream, dare to bring your dream down to Earth. Only once engaged in the process can you truly know what's possible and what isn't. The process of incarnating your potential IS your FREEDOM as it leads the way toward self-realization. And self-realization is nothing more than remembering who you really are through the effort of manifesting a dream.*

### **Journal Exercise:**

*Look back and assess where you pushed too far out of your zone of Destiny. How do you know you went beyond the limits of your Map? What is your DPS (Destiny Positioning System) telling you now? How can you 'course correct' now?*

**Movie for this Task: *Dead Poets Society* starring Robin Williams**

## **Task VII: Commit to the Potential of Your Soul Contract**

Potential and Opportunity always require commitment!

- What is Potential?

- Are you living in 'Fantasy Potential'?

What is the Potential of a Soul Contract?

- What's possible within the limits of your Soul Agreement

- How does this manifest spiritually, psycho-spiritually, psychologically, emotionally, physically?

- Life is inherently meaningful and your efforts to birth potential can summon the best from it

How to know Your Potential

- Intuitive knowing

- Saturn's process of clarifying potential via negative experiences

- Confronting your 'fantasy potential'

- Trial and Error

- 'Sin' and missing the mark

- We don't fail, we EVOLVE

The Potential You Can't Know

- X Factor of Destiny

- Depends on how you Co-Create and Evolve

- Intentionally hidden from you

- Fate and Destiny Potential

- Adele and Beyoncé

When the 'Seeker' becomes the 'Gypsy'

- Running from your Potential while staying addicted to Chaos

## **Task VIII: Develop a New Dream (Saturn trine Uranus)**

Letting Go of an Old Dream

- What dream is ending for you right now?

- Mark Nepo

- Can you LET it end?

Fantasy vs. Dream

Dream as Soul Contract Vision

- Established from inner contact with Soul Contract/Psyche

- Archetypal Truth

- Anchored by the evolutionary pulse of a Soul Contract

Fantasy

- Illusory images/ideas that make us 'enough'

- Often have 'fairy tale vibe' or are Supersized

### **Journal Questions:**

*What is meant for you? What is meaningful? What is your passion? What dream must let die now?  
What new dream must you develop now?*

## **Task IX: Take Intuitive Risks**

What is an 'Intuitive Risk'?

- A holistically contemplated risk that is taken only after deep consultation with your feelings, practical data/stats, assessment of facts and conditions, astrological timing, personal Shadow, experts on the matter, intuitive knowing/Soul, Higher Power, assessment of impact on others
- Taking Intuitive Risks is connected to living intuitively!
- Sometimes the riskiest thing to do is say NO

### **Journal Questions:**

*What reckless/blind risks have you taken in your past? What was the outcome? What Intuitive Risks do you feel you're ready to take? How do you know you're ready?*

## **Task X: Manifest Your Dream/Destiny (Saturn square Chiron)**

Focus meets Commitment

- Expansion through contraction
  - You cannot be ALL things
- Say NO to say YES!
- With new focus take experimental intuitive risks!
  - Action, Experimentation, Maintenance, and Letting Go
  - Use the Mercury Retrograde Cycles in Earth and your LIFE to evaluate the results!
  - Personal beliefs and subjective truth must be tested in reality!
- Push the limits in the lane that opens up for you!

Mature Your Understanding on How Visions/Dreams are Manifested

- There is no such thing as an 'Over Night Success'
- Stay with it until you find a way!

Learn from the 'Hard Path' and Choose an Easier One!

- Work smarter not harder

Why bother manifesting anything at all?

Saturn square Chiron

- Their archetypal relationship
- Tibetan Buddhist Mandalas
- How you live in your home

### **Power Quotes:**

"Not all of us can do great things, but we can all do small things with great love"

-Mother Theresa

"Start by doing what is necessary; then do what is possible; and suddenly you are doing the impossible" – St. Francis of Assisi

## **Evolving from Purpose to Calling!**

### The 'Calling Contract'

- Purpose vs. Calling
  - Choosing/acting on behalf of something/an intention great than yourself
    - Requires surrendering to something greater than yourself
    - Must evolve beyond adaptations to Ego Wounds
    - Connect to a metaphysical impulse that is stronger than survival fear
    - Live, act, and choose from 'All is One'
    - Want to change culture in some way
- 2<sup>nd</sup> Cycle of Saturn Work (from workbook)
  - Harmonizing Self-interest with Soul-interest

### **Power Insight:**

*A 'Calling' requires a metaphysical capacity to live, choose, and act in ways that your survival fear/wounds are not the dominantly deciding factor. This allows you to follow a creative and intuitive instinct on the behalf of serving something great than just yourself. Life becomes about living from a conscious and purposeful sense of 'mission'. Callings require radical individuation, yet the using of this embodied individual uniqueness in service the groups evolution and awakening! To live from a Calling, you must restructure your relationship to old school tribalism and live from an intuitive knowing that you are on course as the tribe may not give you that validation.*

### Callings and Your Soul

- For more mature/evolved Souls
- Must live in Shamanic Consciousness (Chiron)
  - working from a level of Soul with Life
  - fueled by Soul driven ambition
  - one foot in this world also can include hot sex, making money, being married, having kids, having FUN, taking time off, and appreciating yourself.
  - have an interest in transforming culture in some way

### Calling vs. Career/Job

- What is a Job?
- What is a Career?
  - Can a career or job be a calling?
    - YES...but
      - does a job/career transform the collective or participate in a disconnected status quo?

### What can block you from a Calling?

- Not cultivating 'Calling Consciousness'
  - Surrender to Soul
- Not valuing your gifts/talents
  - Wounded esteem that seeks outside applause
  - Insecurity about what makes you unique
- Staying in Dysfunctional Chaos
  - Distraction
  - Addictions
  - Co-created Health Issues
  - Relationship Drama
  - Financial Issues
  - Not willing to Grow UP!
    - When will 'God' call?
  - Staying in Your Child/Victim (90 Minutes in Heaven)

- The Universe calls upon your 'Offering'
- Your Calling is already within you
- Not being clear on what YOU WANT TO DO
  - Result of Dysfunctional Chaos
  - 'Confusion' as of a result of not telling the TRUTH
  - Fear of taking an intuitive risk

What happens when someone without 'Calling Consciousness' is put in a position best suited for those with a 'Calling Consciousness'? – example 'President Bush'

### **Power Insight:**

*Our Callings play out in LIFE, not some fantasy pain-free world. Our Callings thrive in the compassion of embracing the light and the dark.*

### **Journal Questions: How do you know if you have a 'Calling Contract'?**

- Does something inside of you feel like it's here to serve something greater than yourself? Can you name this part of you?
- Can you serve this 'something greater' through your gifts, talents, and skills without a strong attachment to outcome?
- Is there something you would do even if you didn't get paid for it, but simply because you can't help yourself? Because it's who you are?
- Do you feel a strong connection with the 'Wounded Healer' Archetype? Can you recognize how this has shown up in your life?
- Do you feel collapsed by your empathy and hyper emotional/psychic sensitivity? Or does it make you feel more driven to do something to change this world?
- Are your insecurities more consistently eclipsed by your motivation to help others through visibility and courage? Or do you hide because you're afraid of what others will think?
- Do you more consistently approach life as a victim waiting for life to happen for you, or do you more make it a point to happen to life? Do you see yourself as a Co-Creator?
- What kind of stamina and resiliency do you have? Can you stand up to the 'winds of life'? What do you do when you get knocked down or self-sabotage?
- Do you approach life through the compassionate attitude of both/and more than rigid either/or?
- Can you name three primary archetypes that are connected to your Calling?

Mother Theresa, Martin Luther King Jr, Malala Yousafzai, Jesus Christ, Sigmund Freud, Presidents of Countries, Oprah, Steven Spielberg, Jane Goodall, Temple Grandin, Carl Jung, Joseph Campbell, Steve Jobs

## General Guide as to How Saturn Retrograde Cycles Work

As Saturn is moving forward in Sagittarius many of the themes I've covered will surface into awareness via events, situations, relationships, and inner promptings. With Saturn being such a mundane archetype it's likely you will see events as a catalyst for something requiring Saturn in Sagittarius development per your Soul Contract. This can come in the form of challenges, losses, betrayals, even opportunities!

Once the 'event' or awareness has transpired and Saturn turns retrograde you then must spend the next 9 months gestating the real intention of what wants to be born while Saturn is retrograde. This is when you really get down to work and revisit the 10 Tasks of Saturn in Sagittarius!

When Saturn stations direct and the final transit occurs through direct motion, it's time to give birth to the aspect of your Soul Contract triggered into development via the Saturn in Sagittarius cycle. It's time to MANIFEST your DREAM!
