Do you give your Soul any Currency?

The Transition from the 'Job' expression of your Potential to the development and expression of a Career-Calling Potential requires a Chaos Cycle!

The Six Stages of a Career & Spiritual Calling Chaos Cycle

- **Stage One: Constellation of Career & Spiritual Calling Chaos**
 - Set Up Phase of Chaos Cycles of Career & Spiritual Calling
 - Energy and events begin to challenge your Job, or Career Plans
 - A deep sense of Purposelessness begins to set in, your heart isn't in your work anymore.
 - Financial fears start to occupy your mind, you seem to be focused on your future more, with anxiety starting to build
 - You start to lie to yourself about what your heart is telling you.
 - Your Health, Bank Account, and Family/Relationships mirror you with your 'Shadow Side' and the Roles (Archetypes) you manage money and your work through...
 - Things begin to shake, you're working too much and it's starting to take a toll.

- **Stage Two: Disruption of Identities, and Patterns in Work & Career**
 - Things reach a tipping point often manifesting in events that trigger Health and/or Financial Chaos via Synchronicities of Fate
 - What you had invested in or your Roles to Others betray you
 - Very often this manifests as a job loss, or incapacitated by a health crisis and can no longer work
 - **You start to ask "Why am I alive on this Planet, what's my Purpose"**
 - Your Victim is in full swing
 - Toxic Self-Deception & Codependencies are revealed
 - You surprise yourself with how low you can go your own victim stories, denial, and lies...
 - **Your Ideas of God and Spirituality must Reorganize!**
 - Your Current Core Archetypal Crew of Survival Archetypes of Adaptation come on-line that mismanage your Money, Esteem, and sense of Purpose – yet, you look to them to 'order the Work & Career Chaos', while holding onto your Denial!
 - Child – (get specific with which 'Child' is yours)
 - **Victim – (will try to blame others/God/Life)**
 - Prostitute – (will bargain value and power, 'make deals with the Devil, sell out Potential for the known survival security, etc)
 - Saboteur – (get specific with another Archetype)
 - Codependent – (goes into hyperdrive regarding what others expect you to do...my story with my Mom)

- Addict (food, alcohol use, etc)
 - **Liar (keeps Systems active with self-denial, projection, and cover stories)**
 - **Spiritualist/New Ager (Ego)**
- **Stage Three: Disintegration of Your Esteem, Job Roles, and Career** (And the Roles, Identities, and Values that go with them!)
 - Your Esteem, Health, and Career Systems begin to fall apart, as does your sense of Self and Identity in them
 - You enter the 5 Stages of Death & Dying with Family & Relationships and Cycle around within issues of Power & Powerlessness
 - Denial, Anger, Bargaining, Depression, and Acceptance
 - You are unraveling into being 'Nobody', which in this case often means being 'Identity-less' with Work Roles
 - Your Esteem-Health-Money Fate/Tribal Archetypal Systems + Survival Archetypes of Adaptation are exposed and you begin to see their conflict with what your Soul has in mind for your Destiny...
 - Your Values are deeply exposed and questioned, as well as the Choices they Guide
 - Want to know what your true values are beyond your 'Cover Stories' – look to what you actually choose and why!
 - **You ask the Heavens, why Me? What I am I here to do...?**
- **Stage Four: Normalization of Work & Career Death (Chaos)**
 - More and more you are starting to accept that who you thought you were and the work you thought you were to going to do is no longer tenable for what you are Destined to do...
 - **You get to explore why being 'Work-less' = Worthless to you and surrender so you can have your sense of Self re-ordered, re-installed, re-calibrated, rebirthed**
 - **Huge Cultural Issue here regarding Worth and Purpose**
 - This is the midnight of the Dark Night of Career & Spiritual Calling
 - While you don't effort the 'New You' – you are not idle!
 - **You are active with inner exploration of Archetypes that you've kept in the closet or sold out to your Prostitute and Codependencies with Others Approval**
 - You become aware of your Power & Powerlessness when it comes to your Calling
 - The Story of my Own Calling Moment...
 - **Conscious inventory of the what others have given you permission to do when it comes to Career**

- In the Void of being Work-less/Nobody, the Calling Hotline begins to ring...
 - Soul-Esteem begins to activate and neutralize your Shame
 - **The Survivor Archetype begins to energize other Archetypes of Destiny for intuitive and creative exploration!**
- **Stage Five: Gestation of a New Career-Calling Possibilities**

 - Now Soul Archetypes & Archetypes of Destiny begins to slowly Activate
 - Slowly but surely, your introduced to new Soul Patterns
 - Ex: Codependent pivots to Interdependent, Shadow Prostitute pivots to Sacred/Mystical Prostitute, Starving Healer pivots to Abundant Healer, Starving Artist pivots to Wealthy Artist, Addict pivots to Mystic, Wounded Healer pivots to Shaman...

 - **A new cohesive sense of Soul-Identity emerges with a new overall flexibility founded in soul-reliance and Mystical Presence**
 - **You are not living a life that is centered on Super-Sizing your impact, and yet you are massively impactful!**
 - **You create and serve from the Heart with less of an attachment to outcome**
 - **You give your Soul Currency and that translates into how you monetize your Gifts, Skills, Talents, Resources, and Genius**
 - You realize you can handle Life, you got this!
 - A new Power emerges, the power to Ignite Career & Calling Miracles!

Don't be surprised that when a door of opportunity opens, it's WORK that meets you at the door. Even if it's Grace that opens that door, you will still have to work your ass off.

The Anatomy of a Miracle Part V

- **What is a Miracle?**
 - Definition: A surprising and welcome event that is not explicable by natural or scientific laws and is therefore considered to be the work of a Divine Agency
 - Miracles and Soul Contracts
 - Miracles (often) will not take away your 'Soul Lessons' or opt you out of the Mountains you've signed up to climb this lifetime
 - Shamans know this...
 - Miracles can't be 'strategized' per se, but they can be ignited
 - **What does it mean to 'Ignite a Career or Calling Miracle'?**
 - To anchor your awareness into the Truth that YOU are a Miracle! Thus you must approach your Career-Calling with the understanding of what that means, the Power of it, and the responsibility that comes with that Power. And that Power is that you can be a Miracle to other people – that means you have the Power and Capacity to fundamentally change someone else's Life in the most profound and life-altering of ways!!!

Closing Guided Meditation on Your Readiness to Answer the Call...

Questions for Reflection from Lesson Five:

What came up for you during the guided meditation on Job, Career, and Spiritual Calling?

Are you currently in a Chaos Cycle of Career & Spiritual Calling – how is this manifesting for you – what Chaos Cycle Stage do you think you are in - can you name some of the Archetypes that are forming your Career-Calling Transition Team?

In Activating your own inner Truth Teller, can you name what are and aren't your Gifts, Skills, Talents, and Destiny Muscles you are being called to develop when it comes to Career-Calling?

What are your Archetypes of Genius – how do you feel about the word 'Genius', does it feel like it has too much voltage for you to claim, why?

How activated is The 'Resilient Survivor Archetype' in your Life right now – can you think back to a time when it was online in your Psyche, what was that experience like?

Have you been projecting ideas of what a Career or Spiritual Calling will be/is like – have you been 'Super-Sizing' your Career-Calling – would it be ok if your Career-Calling had a profound impact on your local community, but didn't go further – would it be ok if it had a profound impact on millions of people world-wide and that put a spotlight on you?

Are you aware of how your Esteem-System creates your sense of value when it comes to Career and Spiritual Calling – are you in touch with the ambitions of your Wounded-Ego Esteem – are you in touch with the ambitions of your Soul-Esteem – where do you find both mixing together and fueling your drive, how much is from Wounded-Ego Esteem, how much from Soul-Esteem?

What is your Relationship like the Wounded Healer Archetype – what Archetypes manage your Wounds – can you identify how your Wounded Healer Pattern is a guiding force in your Career-Calling?

What are your Starving Archetypes – how have they kept you from pursuing your Calling – if you gave your Soul Currency how would that change?

Have you wanted a Calling to give you a sense of being 'Special'?

What of your current core Archetypal Crew of Survival Archetypes of Adaptation are online mismanaging your money, esteem, and sense of purpose – yet you keep looking to them to create something new in your Life in terms of Career-Calling?
